

Class-V  
Session- 2020Subject- Mathematics  
Topic- Pre-AlgebraTotal Marks- 12  
Duration- 15 minutes

Name: \_\_\_\_\_; Roll: \_\_\_\_\_; Sec: \_\_\_\_\_; Date: \_\_\_\_\_

1. Use one of the following signs to compare the integers:  $>$ ,  $<$  or  $=$ . (1 x 4 = 4)

a)  $-6$    $+3$

c)  $+7$    $-7$

b)  $-7$    $-2$

d)  $-9$    $-9$

2. Represent the following statements in integers. One has been done for you. (0.5 x 4 = 2)

StatementsInteger

a) Sally found 27 seashells on the beach during her vacation.

27

b) Jessica lost 11 pounds after working out and dieting.

\_\_\_\_\_

c) The stock market dropped 41 points after the bad economic news yesterday.

\_\_\_\_\_

d) There are 23 dogwood trees currently in the park.

\_\_\_\_\_

e) The temperature fell 47 degrees overnight.

\_\_\_\_\_

3. Solve the following. (1.5 x 4 = 6)

a)  $-15 + 24 - 64 + (-43) + 109$

c)  $6 + 20 \div 10 \times 3$

b)  $30 + (-25) - 15 + 10 - (-15) + (-7)$

d)  $\frac{18}{-6} + 5 - (-2) \times 3$
